

Gregory Rembiszewski
Network Engineer

In today's fast-paced business world, we find ourselves completely reliant on our electronic equipment: computers, printers, modems, routers, and telephony systems. Sometimes we fall to their mercy!

If you need someone to take a look at any part of your communications system – WITHOUT charging you an “arm & a leg” call on me - Greg Rembiszewski (a.k.a. 'PuterNerd). With 22 years experience serving as a Network Engineer for a large Pharmaceutical company in Illinois, I have experience in the following areas (and more...):

- ❑ **LAN/WAN design, installation & troubleshooting**
- ❑ **PC and Laptop Upgrades & Repairs**
- ❑ **Wireless Networks**
- ❑ **Printer Sharing**
- ❑ **Internet Access**
- ❑ **Firewalls, Virus Protection and Virus Removal**

From one small business owner to another, I understand your need for a prompt response, honest evaluation and reasonable rate, and I pride myself on providing all of these for my clients.

I am enclosing a business card for your reference, as well as a handy informational magnet. Please call for a consultation or quotation.

Sincerely,

Greg Rembiszewski
